Maybe I missed you
Maybe it's true
Maybe I didn't do enough to hold onto you
Maybe you'll think back
On the good times we had
Maybe one day this feeling won't remind me of you

It took some time now I know
It's a little too late
I'm in this world all alone
Now I see it's over
Out of time

I wish I never said goodbye
For all the times that I never tried
I couldn't find your love when I lost my way
But as time went on and on
I denied we were meant to be
Now I'm dying cause I couldn't see
I threw it away
Now it's a little too late

It should have been easy
It seemed so hard
I could never say that we were better apart
I should have been the one to hold you
I should have been the one you run to
Turned around just in time to see a fading memory of
you

It took some time now I know
It's a little too late
I'm in this world all alone
Now I see it's over
Out of time

I wish I never said goodbye
For all the times that I never tried
I couldn't find your love when I lost my way
But as time went on and on
I denied we were meant to be

Now I'm dying cause I couldn't see
I threw it away
Now it's a little too late

I remember when I said goodbye
I can't forget the tears that you cried
I pretend that I was over you
I let you go and I don't know why

You took some time now I know...

I wish I never said goodbye
For all the times that I never tried
I couldn't find your love when I lost my way
But as time went on and on
I denied we were meant to be
Now I'm dying cause I couldn't see
I threw it away
Now it's a little too late
