I whisper in your ear
The words you want to hear
You feel the wind and it reminds you
It happens every time you stop and close your eyes
You can't deny what lives inside you
I know it's hard to see what is meant to be
When yesterday's
So far behind you

Deep inside your soul know
I'm always there

(Chorus)
You made be believe
The day you surrendered to me
The memory will never die
The love that you gave.
I'll never throw it away
The memory will never die

Tides take a turn another lesson learned
I'm right here and still you wonder
But you say you need more
And it's not what it was before
Your on your own and going under

Deep inside your soul know
I'm always there

(Chorus)

Whenever you wake up,
Remember you gave up all that you had from nothing
at all
The bed that you lay in
Remember you made it
And nobody's there to catch you when you fall

You made be believe
The day you surrendered to me
The memory will never die

The love that you gave.
I'll never throw it away
The memory will never die

You made me believe
The day you surrendered to me
The memory will never die
The love that you gave.
I'll never throw it away
The memory will never die
