I try to explain that I was not feeling able today anyway
But you did not hear a word of that you say
I'm a guy in the body of a thirty years old girl
And you smile, you don't mind that you're insulting me!

Tell me is making,
Tell me is it lining you,
I'm not your four piece puzzle, baby
I'm not your four piece puzzle!

You said you need a wife
I was angry but you said that is OK
We all made our mistakes
I said excuse me, Mr. Phil
In the blanks, you always fill in the blanks
You always fill in the blanks
And I hate you for real

I'm not your four piece puzzle, baby
I'm not your four piece puzzle, baby
I'm not your four piece puzzle, baby
I'm not your four piece puzzle!

You're seeking,.. the way you want
You tell me you're a program without feelings
Do you seriously think that I will buy that?
Do you honestly, sincerely

I'm not your four piece puzzle, baby
I'm not your four piece puzzle, baby
I'm not your four piece puzzle, baby
I'm not your four piece puzzle!
