It seems like only yesterday you had finally come back
to me
But fate ain't shining grace on me no more
I wonder can you hear me now looking down
And as you look around do you find it cruel the way I
do?
It's too soon
It's too soon

It seems like only yesterday, you were watching the
moon with me
As it waxed and waned to bring forth the new day
The day has grown older now, and in the end I'm just a
desperado
A desperado taking woe wherever I go
It's too soon
It's too soon to lose it all
