Initiated by the lovers it calls into the barren night
Recreated though it's ardor, we are standing here like
fools
Dreaming tomorrow will bring a new beginning when it
dawns

It hunts the moonlight for love, and shines with all I've
got
And in it's true light we are painted with the hue of
tomorrow
Silver and blue like the twilight

The rose I gave you once has long returned to dust
For years I watched it burn and traced the embers
down, down, down

Ooh...
