Miserable Species Of Vanity Forming Thoughts Of
Perfection.
Bodily Fanaticism.
Emulating Idols Of Meat Soulless Walking Dead Man
Made Embellishments Manipulating The Surface.
But The Core tIll Exists Something You Can Erase
Corrupted Cerebral Structures Distorting The Imagine
You Reflect Facial Proportions Still Unbearable.
You Own Enemy Diabolic Self Takes Control Abnormal
Surge Of Adrenaline.
Fatal Decision Within Seconds Crushing Your Reflection
Begin To Tear Down The Flesh Made Puzzle.
Sharpened Tool Of Death Sinks Into Every Inch Of
Visage Mangling The Flesh To Partially Own.
Unstoppable Hemorrhage Blood Sprays In Fountains
Half Your Face Lies To Your Own Feet Piercing Your
Eyes To Avoid This Horrid Sight.
Lateral Chop Through Forehead Puts An End To Your
Discontent Worthless Soul Floating Away Body Falling
Lifeless From Decadence Comes This Wretched
Sickness In A System of Objectification Leading To
Fatality... Disfigurement.
