I could dream of ways to see you
I could close my eyes to dream
I could fantasize about you
Tell the world what I believe
But whenever I'm not with you
It's so hard for me to see
I need to see a picture of you
I swear your picture is just for me

So take a dirty picture for me
Take a dirty picture
Just take a dirty picture for me
Take a dirty picture
Just send the dirty picture to me
Send the dirty picture
Just send the dirty picture to me
Send the dirty picture

Snap x2

Whenever you are gone
I just wanna be with ya
Please don't get me wrong
I just wanna see your picture
Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
X2

I could dream of ways to see you
I could close my eyes to dream
Fantasize about this with you
But the way it's never seen

Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Just send the dirty picture to me
Send the dirty picture

Send the dirty picture to me
Send the dirty picture

Oh, Snap, Snap, Snap

Whenever you are gone
I just wanna be with ya
Please don't get me wrong
I just wanna see your picture
Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture

When you're all alone
Boy I got something to give ya
Will you play along
If I take a dirty picture
I'll take a dirty picture for you
Take a dirty picture
Take a dirty picture for you
Take a dirty picture

Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Send the dirty picture to me
Send the dirty picture
Send the dirty picture to me
Send the dirty picture

Snap, Oh
