We're both guna cry tonight  
We don't wana fight  
We have never been that way  
It's obvious we're losing this race  
It's written on your face  
So I guess I'll have to say

I'm not trying to leave you in the cold, but it's over, it's  
over  
And I'm not trying to tell you what you know, it's over

The hour glass is empty, and the time is up, and the  
time is up  
The hour glass is empty, and the time is up, the time is  
up  
Now all I need is, to walk away, to wake me up, to break  
away  
Now all I need is, to walk away, to wake me up, to break  
away

Somethings become between you and me, and it's  
hard to see through the weather in the storm  
It doesn't help for us to pretend  
It's going n going n going n going n gone

I'm not trying to leave you in the cold, but it's over, it's  
over  
And I'm not trying to tell you what you know, it's over

The hour glass is empty, and the time is up, and the  
time is up  
The hour glass is empty, and the time is up, the time is  
up  
Now all I need is, to walk away, to wake me up, to break  
away  
Now all I need is, to walk away, to wake me up, to break  
away

It's going n going n going n going n gone (x8)

The hour glass is empty, and the time is up, and the

time is up

The hour glass is empty, and the time is up, the time is  
up

Now all I need is, to walk away, to wake me up, to break  
away

Now all I need is, to walk away, to wake me up, to break  
away
