I could dream of ways to see you  
I could close my eyes to dream  
I could fantasize about you  
Tell the world what I believe

But whenever I'm not with you  
It's so hard for me to see  
I need to see a picture of you  
A special picture just for me, yeah

So take a dirty picture for me  
Take a dirty picture  
Just take a dirty picture for me  
Take a dirty picture

Just send the dirty picture to me  
Send the dirty picture  
Just send the dirty picture to me  
Send the dirty picture, picture, picture, picture, picture

Snap, snap, uh

Whenever you are gone  
I just wanna be wit' ya  
Please don't get me wrong  
I just wanna see a picture

Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture

Whenever you are gone  
I just wanna be wit' ya  
Please don't get me wrong  
I just wanna see your picture

Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture

I could dream of ways to see you  
I could close my eyes to dream  
Fantasize about this with you  
But the way is never seen, oh

Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture

Just send the dirty picture to me  
Send the dirty picture  
Send the dirty picture to me  
Send the dirty picture

Uh, snap, snap, snap

Whenever you are gone  
I just wanna be wit' ya  
Please don't get me wrong  
I just wanna see your picture

Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture

When you're all alone, boy  
I got something to give ya  
Will you play along  
If I take a dirty picture?

I'll take a dirty picture for you  
Take a dirty picture  
I'll take a dirty picture for you  
Take a dirty picture

Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture

Send the dirty picture to me  
Send the dirty picture  
Send the dirty picture to me  
Send the dirty picture, picture, picture, picture

Snap, uh, snap, snap  
Click, click, snap
