You and me
You and me we should be together
And I know we haven't talked for ever, girl
You and I
You and I used to go to the... aha
Kissing, holding hands...
Thought our love was a treasure.

Chorus:
So can we get it back, get it back
All the chances... to bring us together, forever!
So we, can we get it back, get it back?
Get it back, get it back, oh!
All I wanna know is...

Baby you stay down for what's ever,
I know you stuck with me just for the weather!
But I was, I was out, I was out late night with the
friends,
... should have treated you better, yeah!
Now I'm gonna know...
All it keeps saying, boy keeps on
I can make you don't want me, but you were always
happy,
I just wanna be with you, tell me what can I do,
I don't know to do it, I just wanna get together, get
together!

Chorus: (x2)
So can we get it back, get it back
All the chances... to
bring us together, forever!
So we, can we get it back, get it back?
Get it back, get it back, oh!
All I wanna know is...

I'm so in love with you,
And I know you feel the same way to!
(I know you feel the same way too!)
Baby you can be my girl,
Baby I'mma be your man,
We can get it back, we can get it back

We can get it back, love!
I'm so in love with you,
And I know you feel the same way to!
(I know you feel the same way too!)
Baby you can be my girl,
Baby I'mma be your man,
We can get it back, we can get it back
We can get it back, love!

Chorus:

So can we get it back, get it back
All the chances... to bring us together, forever!
So we, can we get it back, get it back?
Get it back, get it back, oh!
All I wanna know is...
