... 'cause your body goes amazing,
I cannot believe you're acting so crazy,
What you need you can't get for me
Don't you know that I could set your body free.

Take your time and tell me why you're tryin to tease
me,
... your body all over me than you leave me
What you need you can get from me
Don't you know that I could set your body free.

Chorus:
Set your body free, free, free, if you want it,
Set your body free, free, free,
Set your body free, free, if you want it.
All you gotta do is call on me
And I could set you free if you want it
Set your body free, free, free,
Set your body free, free, free, if you want it.

Baby don't you know your body is...
Do my fingers why you're acting so...
What you need you can get from me
Don't you know that I could set your body free.

My position is undrippin' going crazy
... everything goes hazy
What you need you can get from me
Don't you know that I could set your body free.

Chorus:
Set your body free, free, free, if you want it,
Set your body free, free, free,
Set your body free, free, if you want it.
All you gotta do is call on me
And I could set you free if you want it
Set your body free, free, free,
Set your body free, free, free, if you want it.

Uh uh uh
Let me take to a place that you ain't never been

Weather night shines with gold and... green
Where the music never stops we...
... this flow...
Let me take to a place where you ain't never been
I could set your body free.
