Like a star, a star, a star, a star.
(X5)

She's my everything,
Like a morning girl,
She's my angel up above my world,
She's the only one who understands me,
That's why I call her my new family.

[Chorus]
She's the only one that I want by my side
She's the only one that I believe can save my life
She makes me want to be a better man, oh why
She's higher than the sky
The suns and the moon

Like a star, a star, a star, a star.
(X5)

First let me say, she's the best of me
Is it cliché to say she's destiny
There's no one else but her
Well at least for me
That's exactly why I must now repeat that

[Chorus]
She's the only one that I want by my side
She's the only one that I believe can save my life
She makes me want to be a better man, oh why
She's higher than the sky
The suns and the moon

Like a star, a star, a star, a star.
(X5)

She's my star, my light, starry night
Aviator shades 'cause she shines so bright
Beats on the G5, songs I write
Just so I can take her on the G5 flights
Yeah, she's my type, just my height
She's my fit, she's just right
She's like, 'I think we might, go far'

I'm like, 'you right'
She can be my angel wings
Her voice sounds like an angel sings
Yeah, I'll be back for the trademark strings
Just try to compliment the sounds she brings
She's like, 'we could go far'
I'm like, 'you, you, you, are'
I'm like, 'you, you, you, are'
'You are my guiding star'

Like a star, a star, a star, a star.
