Did I hear you calling?
'Cause girl when you dance
You speaking my love language
Did I hear you say you want me?
If so I say that we take advantage

Can you feel the heat? It's rising up
Can't deny the feeling when we touch
I can't wait to see where this ends up
See I searched around the world
Then you deserved the floor
You give me the feeling that I love
I hold you tight and won't let go
Won't let go, won't let go

I'm not leaving without you tonight
If I leave, you be by my side
We dancing all over the floor
It's a party, you drinking, it's on me
The Dj is playing a song
Keeps going all into the morning, oh!

Can you feel the heat? It's rising up
Can't deny the feeling when we touch
I can't wait to see where this ends up
See I searched around the world
Then you deserved the floor
You give me the feeling that I love
I hold you tight and won't let go
Won't let go, won't let go
I'm not leaving without you tonight
If I leave, you be by my side
