I didn't know your voice was so amazing
Have you been going to vocal training
Or have you always sounded like this
And I've never stopped to listen to how good you
sounded
Girl your tone is setting the mood
Now ima make you fill up the room
One perfection in every measure
And girl I love it when you sing that song

I gotta hear it all night long
Keep it on replay girl you know
Just what your doing
Been so long since I heard it like this

Cos your melodies right
Your singing out loud
The whole club right here
Put their hands in the air
If you love me baby sing it to yourself

Sing it for me yeah
Sing it for me baby
Sing it for me yeah
Sing it louder
Sing it for me babe
Sing it for me yeah

See now you got it baby
Lets switch it up
Going for a grammy award winner
What's up with you cos I know that's your... ?
But you can take your time
Cos I'm here to sing it through
I got the track, you got the key
I take the back, you take the lead
Run it fast, run it slow
R&b rock and roll
Ok mic check baby lets sing it again like
I got it you getting love
Baby sing that song

I gotta hear it all night long
Keep it on replay girl you know
Just what your doing
Been so long since I heard it like this

Cos your melodies right
Your singing out loud
The whole club right here
Put their hands in the air
If you love me baby sing it to yourself

Sing it for me yeah
Sing it for me baby
Sing it for me yeah
Sing it louder
Sing it for me babe
Sing it for me yeah

Ok ok lets take it to the bridge now
Your on your way make sure you sing it real loud
We almost at the end, don't go back girl
Do that again
Your giving me chills
Don't stop when you gon take some air
We gonna take it from the top
Baby feeling the passion in your voice
My heart here is telling me your the one
Ohhhhh... yeah

Sing that song
I gotta hear it all night long
Keep it on replay girl you know
Just what your doing
Been so long since I heard it like this

Cos your melodies right
Your singing out loud
The whole club right here
Put their hands in the air
If you love me baby sing it to yourself

Sing it for me yeah
Sing it for me baby
Sing it for me yeah
Sing it louder
Sing it for me babe
Sing it for me yeah
