"I Feel"

I remember the first trip down you,
through your eyes and straight into your flow.
I remember the way it made me feel,
Just to be around you soothed my soul.
If you could see you through my eyes, maybe then
you'd finally realize
nother passes through my two lips,
except the very truth of this ...
I see only the finest things in you,
I see only a strength of heart and truth,
I don't know what any of this means,
you're the only one I feel it seems ...

Chrous:

I feel the morning in you, I feel the meaning of you,
I feel I don't know what to do, I wanna show you how I
feel.
I feel the balance of you, I feel the heaven's prayer of
you,
I feel I don't know what to say, I wanna show you how I
feel.
I feel chills all over my body again,
I never thought we should be just friends.
All I need is a sign you still feel the same,

I'll be around as soon as you call my name.

You're like a fire shut up in my bones,

I can't stop this burning on my own,

so all I can do to keep control is go ahead and let you
sooth my soul.

I see only the finest things in you, I see only a strength
of heart and truth,

I see the purest things in you,

you're the one who turns my grey skies blue.

(chorus)

(his eyes struck my sould, like lips upon my hopes ...)

I feel you in my soul, I feel you in my hopes,

I feel you've got to know, I feel you in my soul

I feel you on my hopes

Lips upon my hopes...

lips upon my hopes...

(chorous
