The dress is gray  
My face is gray, too

Stop laughing...

The skies are gray  
My tights are gray, too

Stop laughing...

The trees are gray  
The grass is gray

Stop laughing...

The skies are gray  
The earth is gray

Stop laughing...

Art-nouveaux romantique,  
"Imagination is the starting point of  
understanding for comprehension"

The trees are gray  
Your face is gray

Stop laughing...

The skies are gray  
My tights are gray

Stop laughing...

The trees are gray  
The grass is gray

Stop laughing...

The skies are gray  
The earth is gray

Stop laughing...

A vision, a wish, image and mirage,  
Presentiment, hopes, future is poetic?  
A change, a sleep, memories, feeling,  
Nuance, energy, unconscious today.

...That little sweet monster,  
It's even now...

It's still singing for you...  
My lullaby of gray
