Somewhere along the way  
It comes along like winters' snow  
With no warning in sight  
It's just an endless blow

From the eyes that would never lie  
I'm left with nothin' but misery  
I've lost sight of your body & mind  
The smiles & the memories

Where were u when u said?  
U would always be there  
Tell me where did u go  
Cuz I'm going blind...

Blind in paradise  
But still i don't wanna go home  
Blind in paradise  
& i don't wanna be on my own

Far from the feelings we used 2 know  
They've all turned 2 dust  
I sense we were always searching  
2 find the trust

2 save what we once made  
The end was sure 2 come  
The truth is plain 2 see  
But we just need 2 carry on

Where were u on the day?  
That u vowed u were mine  
Tell me where did u go  
Cuz, i'm going...

Blind in paradise  
But still i don't wanna go home  
Blind in paradise  
& i don't wanna be on my own

Blind in paradise

Time is standing still  
Blind in paradise  
I'm climbing this lonely hill

But i'm falling, yes i'm falling  
I'm falling right in2 paradise

Where were u when u said?  
U would always be there  
Tell me where did u go  
Cuz I'm going...

Blind in paradise  
But still i don't wanna go home  
Blind in paradise  
& i don't wanna be on my own

Blind in paradise  
Time is standing still  
Blind in paradise  
I'm climbing this lonely hill
