In the beginning it was just you and me
Life was one big fantasy
We cherished everything under the sun
No one would ever believe

But somehow you changed your feelings
'Cause now I find myself saying

Time and time again
Don't walk away, don't walk away
You know I find myself saying
On and on again
There's so much more to go
So don't walk away

Tell me how two lovers just turn their heads
How can they just let it go
I know it's just a phase that we can defy
But one thing I've got to know

Baby, I don't have all the answers
Yet I still find myself saying

Time and time again
Don't walk away, don't walk away
You know I find myself saying
On and on again
There's so much more to go
So don't walk away

Baby, I don't have all the answers, no
Yet I still find myself saying

Time and time again
Don't walk away, don't walk away
You know I find myself saying
On and on again
There's so much more to go
So don't walk away

Time and time again

Don't walk away, don't walk away
I'm saying, saying, saying
On and on again
There's so much more to go
So don't walk away
