I was walking down the street just the other day  
When you caught my eyes  
I said: Baby, won't you come with me?  
You had that look in your eye

I love the way you shake your thing  
It just blows my mind  
Your perfume makes that memory  
Who am I to doubt?

All I need is just one time  
For you to tell me that I could have you  
Oh baby, give me your love tonight

First attraction - I can't believe it  
I never thought I'd end up with you  
First attraction - You're my dream, girl  
I'd spent the rest of my life for you

I never thought a man like me could fall in love  
What if love is blind?  
Together we learned the language of love  
Who would testify?

I wasn't happy with the one I thought  
It just blows my mind  
I guess it's true about what they say  
About the language of love

All I need is just one time  
For you to tell me that I could have you  
Oh baby, give me your love tonight

First attraction - I can't believe it  
I never thought I'd end up with you  
First attraction - You're my dream, girl  
I'd spent the rest of my life for you

All I need is just one time  
For you to tell me that I could have you  
Oh baby, give me your love tonight

First attraction - I can't believe it  
I never thought I'd end up with you  
First attraction - You're my dream, girl  
I'd spent the rest of my life for you

First attraction - I can't believe it  
I never thought I'd end up with you  
First attraction - You're my dream, girl  
I'd spent the rest of my life for you, yeah!
