I was so blind in the younger days  
Thought everything was mine to take  
I've been through high and low and everything in  
between  
Thought I would make another way

Running around in circles, so long I lost my will  
I didn't know what tomorrow had in mind, no, no, no  
Now I'm standing stronger than I've ever been before  
Cuz I've finally found all that I need

When it comes to love, I don't believe  
Nothing can move in the way  
When you break it down, I don't believe  
It's more than I can say

Thru all the years alone I've learned a thing or two  
?Bout empty souls lost in the rain  
Till one day the sun gave down, gave me another light  
It shone upon my neverending day

I'm holding on forever, I'm never letting go  
Cuz I've got the chance, I've got the will

When it comes to love, I don't believe  
Nothing can move in the way  
When you break it down, I don't believe  
It's more than I can say
