### "Restless heart"

I've been working all my time  
Travelled over thousands of miles  
Shining as the stars I see  
You could never love me, yeah

Without a doubt you know it's true  
Without a thought it's running away from you

Restless heart's alone tonight  
Restless heart's alone tonight  
Restless heart's alone tonight

I'm dreaming I lost my whole world  
I've painted rainbows across the sky  
When you're ready to say  
I'll pave the way

Wild willing young and free  
Restless hearts are burning inside of me

Restless heart's alone tonight  
Restless heart's alone tonight  
Restless heart's alone tonight  
Restless heart's alone tonight

I don't know why  
'Cause you ain't got the time

Restless heart's alone tonight  
Restless heart's alone tonight  
Restless heart's alone tonight  
Restless heart's alone tonight
