"When darkness falls"

If I'd ever pretend to know the meaning of life
It's all because of the memories of you
And every time that our lives were distance, I just
closed it out
I guess it was my only way of not facing the truth

Running for cover - My life's just slipping away
I feel I'm losing my mind
One will be other - Where will I be without
My heart, my soul is out on the line?

Will you be mine when darkness falls?
Will hearts collide when darkness falls?

I don't know if it's day or night, I'm suddenly blind
When all is 'bout crashing down, I know
I've got a reason to keep the faith, the faith in you
It's the only reality that grows

I lie and wonder - Just what tomorrow will bring
Sometimes it don't even matter
Why even bother - Unless you're here with me
In my arms, my soul is out on the line

Will you be mine when darkness falls?
Will hearts collide when darkness falls?
Will you be there when darkness falls?
Will you still care when darkness falls?

When darkness falls...

Will you be mine when darkness falls?
Will hearts collide when darkness falls?
Will you be there when darkness falls?
Will you still care when darkness falls?
