

## Defiance "Fuck This City"

Visit "[Fuck This City](#)" on MotoLyrics.com

everyday is full of fucking boredom and frustration  
and everyone you see is full of ignorance and apathy  
have the good times gone leaving just a faded  
memory?

is there any hope at all for any kind of unity?  
will we sit back and let those bastards get the best of  
us

just sit back while the system is destroying us  
sit and fucking take it as they take our lives away  
i'm not going to tke it if it ends up fucking killing me

[Chorus:]

fuck this city fuck this city up  
are you really happy while your living in shit?  
fuck this city fuck this city up  
what the fuck are they going to do about it?  
fuck this city fuck this city up  
lets show these bastards that were sick of fucking  
taking it  
fuck this city fuck this city up  
what the fuck are they going to do about it?

all around this city fucked up institutions still stand  
strong  
and every day that goes by this shit still keeps on going  
on  
meat shops strive and survive as the butchers blade is  
carving  
rich scum rob and exploit while still there are so many  
starving  
will we just sit back and let those bastards get the best  
of us

just sit back while this system is destraving us  
sit and fucking take it as they take our lives away  
i'm not going to take it if it ends up fucking killing me

[Chorus]

still...rich scum prosper as were force to live in shit  
still...we sit and take it as we try to find way to deal with  
it

still...the butchers knife reigns down on the innocent  
still...those murdering fucking bastards get a way with  
it  
still...each day of our lives are spent in agony and  
miserable  
still...this fucking system stands strong as it's killing  
you and me  
will we just sit back and let those bastards get the best  
of us  
just sit back while this system is destroying us  
sit and fucking take it as they take our lives away  
i'm not going to take it if it ends up fucking killing me

[Chorus]
