Wake to another chapter of life  
The struggle coming to you  
Never regret a new day of hope  
The shadows of death coming through  
Shadows of sorrow wickedly  
This nightmare is coming true  
With a vengeance  
A look in the eye  
Showing no mercy  
A furious tide  
Fuel the fire within  
Fuel the fire within  
The struggle within  
Fuel the fire within  
Fuel the fire within

Becoming a victim without a fight  
Fear on you again  
Stripping your faith  
By the end of the blade  
Survival a shallow grave  
With a vengeance  
A look in the eye  
Showing no mercy  
A furious tide  
Fuel the fire within  
Fuel the fire within  
The struggle within  
Fuel the fire within  
Fuel the fire within

Fuel the fire within  
Fuel the fire within  
The struggle within  
Fuel the fire within  
Fuel the fire within  
Wake up a new day of life  
The struggle is close to an end  
Every friendship a new day of hope  
Sunsets a shadow descends  
We go into the pit to put down a fight  
The nightmare is coming all true

Waiting for death just look in the eyes  
Showing no mercy with you
