I just cant take much more of this oppression
im going out of my head and its war not oppression
im gonna go out for a war
im gonna sit down and have talk
there asking me how and there asking me why
have u ever seen grown men cry

police police police oppression, police police police
oppression

really find it hard even walking round the streets
hey i know u son ill knock u off ur feet
same number a million times before,
shut ur mouth son or ill knock u on the floor

police police police oppression, police police police
oppression

I just cant take much more of this oppression
im going out of my head and its war not oppression
im gonna go out for a war im gonna sit down and have
talk

there asking me how and there asking me why have u
ever seen grown men cry

police police oppression police police oppression

lying in the cells is really no fun
cut the bricks learn some tricks
ask me no questions and i'll tell u no lies
aint doing nothing really a crime

police police police oppression
police police police oppression
police police police police police
