Thousands of the unknown who have died  
Millions of the widows still wonder why  
The children they've left behind  
Their minds now shot to waste  
Innocent victim's now a widow

Mixed emotions  
The child's depression  
What is the answer ?  
To the questions  
The widow wants to know why

Day to day never knowing why  
Not knowing who's to blame  
In search of reason  
Don't know what to say  
Don't know who's to blame

Mixed emotions within  
The shattered widow's mind  
Left with scars forever

Mixed emotions

The child's depression  
What is the answer ?  
To the questions  
The widow wants to know why

Confession in the darkness of life

Thousands of the unknown who have died  
Millions of the widows

Mixed emotions  
The child's depression  
What is the answer ?  
To the questions
