i don't have shit but i don'y t really give a fuck  
i'll live a life of misery before i'm giving in  
complacency and security  
don't do a fucking thing for me  
every freedom you think you've got was given  
and just the same it can be taken away  
ask yourself if your really free  
with your pointless job and life of conformity

[Chorus:]

if you think they'll get me like they've gone and got you  
then you got it all wrong you got it all wrong  
if you think i'm ever giving up or ever giving in  
you got it fucking wrong

it's been 23 years of the same old shit  
and i still havn't found a way i can deal with it  
you've tryed to knock me down with your authoity  
but your fucked up fucking laws don't mean a thing to  
me  
you say that i'm wrong but i know that i'm right

because what did any of your laws ever do for me  
nothing but protection for the privilleged few  
there's something i ain't got and it ain't nothing that i  
want

those rich fucking bastards still stand tall  
while me and you we ain't got nothing at all  
working and slaving getting nothing in return  
don't you think it's about time the tables get turned  
i don't want wealth or the american dream  
it's all a sham i won't be part of that sceme  
if you think that it's okay and you buy into that con  
then fuck you to because you got it fucking wrong
