(Gary Barlow)

I kinda keep asking myself many questions  
Where do I go from here  
I seem to keep losing track of time  
And how long it's been  
Since I last had you near  
Been a painful road to a door that's closed  
Been a gamble that I knew I couldn't win  
Been a lonely conversation to this photograph of you  
In the mirror there's a sign I must give in  
So I'm not holding back the tears anymore  
Trying to escape the heartache  
Trying to escape emotion  
So I'm not holding back the tears anymore  
Yesterday's my memory  
Reminding me of all the times that I depended on you  
I used to enjoy spending time on my own here  
Watching the jaded people past  
Now here I am sharing their pain and their lonely tears  
And walking a road of broken glass  
It's never been easy  
It's a constant fight to get through each day and night  
It's a war between the present and the past  
And the face that's in your mind every time you close  
your eyes  
What's the reason?  
What's the answer?  
How long will this last?  
So I'm not holding back the tears anymore  
Trying to escape the heartache  
Trying to escape emotion  
So I'm not holding back the tears anymore  
Yesterday's my memory  
Reminding me of all the times that I depended on you  
Been a long long time  
Since I heard your last goodbye  
Still I hear it clearly every day and night  
What's the point in love when you have to give it up  
But still you need it and it's no where you can find  
So I'm not holding back the tears anymore  
Trying to escape the heartache  
Trying to escape emotion

So I'm not holding back the tears anymore  
Yesterday's my memory  
Reminding me of all the times that I depended on you  
Holding back the tears anymore  
Trying to escape the heartache  
Trying to escape emotion  
No I'm not holding back the tears anymore  
Yesterday's my memory  
Reminding me of all the times  
That I depended on  
You...  
Please...Will You open the door again
