I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
Will it happen tonight? I think it just might

I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
Will it happen tonight? I think it just might

I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
Will it happen tonight? I think it just might

I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
I gotta sing for you to make you feel alright  
Will it happen tonight? I think it just might

The night is feeling cold now and I must hold now my  
baby date  
So glad to see you fine, you're always on my mind  
But before it gets too late

We'll try love, but if love is not enough  
Then we can take a little walk  
Just to find if our intentions are in time  
Then I will make you, baby, see that

Lady, tonight we are gonna make it happen  
Lady, tonight I'm gonna take this love to new heights  
Lady, tonight we are gonna feel emotion  
Maybe tonight, girl, I'm gonna love you and hold you  
tight

Life is what you make it, you must shake it to make it  
right  
Time will always make you see if you believe  
Then things will be alright

We'll try love but if love is not enough

And we must be destined to be free  
In time, if you feel like giving up  
Then I must make you, baby, see that

Lady, tonight we are gonna make it happen  
Lady, tonight girl, I'm gonna take this love to new  
heights  
Lady, tonight we are gonna feel emotion  
Maybe tonight, girl, I'm gonna love you and hold you  
tight

I gotta sing for you to make you feel alright  
Will it happen tonight? I think it just might  
It's not like I wanna rush you  
I just wanna do the things lovers do

Tonight I'll love you and hold you tightly  
I'll make sure I'll [Incomprehensible] feelin' rightly  
When it happens, we'll do it again and again until  
Oh, well

We'll find love but if love is not enough  
Then I can make you, baby, see that  
I can make you, baby, see

Lady, tonight that we are gonna make it happen  
Lady, tonight girl, I'm gonna take this love to new  
heights  
Lady, tonight 'cause we are gonna feel emotion  
Maybe tonight, girl, I'm gonna love you and hold you  
tight

Lady, tonight, lady, tonight, lady, tonight  
Lady, tonight, lady, tonight, lady, tonight  
Lady, tonight, lady, tonight
