Lying here beside you, in a cloud of warmth I've been
awake all night but move
Though I know I
should
Counting curls n your hair, as you sleep so tight I
wonder if you'll ever know 'till I go
The chances are
you'll be there too some day
We'll never know, let's
hope

CHORUS: Never wanna let you go
Never wanna let you
go
All I can do is hope
'Cause I never wanna let me go
Dreaming soft in silence, been working hard all day
Still
in the night grows darker, I'm with you in every way
CHORUS

I don't know whether I'm trying to love, love you
baby
Been round long enough to know
