Oh, yeah, yeah, oh, no, no  
Making my way through old photographs  
Of the night when you first stood by my side  
Old friends with smiles, some are here, some are gone  
Good memories of our Senior High

Looking back, we're the only couple still together  
Even then, I knew this love would be forever, I knew

'Cause there's nobody else in this world that could love  
you  
Anymore than I do, always here for you  
Nobody else in this world could love you more  
Nobody could love you anymore than I do, I'm still here  
for you  
Oh and still feel for you

Our lives have all changed, we've come a long, long  
way  
Our faces show the lines of two young sons  
And in their houses there will be pictures like the ones  
of you and me  
Hope they can look back and smile, just like we have  
done

Never once have I ever felt the need for another, yeah,  
yeah  
We were strong and survived the storm in time to  
discover  
To discover one another, yeah

'Cause there's nobody else in this world that could love  
you  
Anymore than I do, always here for you  
Nobody else in this world could love you more  
Nobody could love you anymore than I do, I'm still here  
for you

And all of the smiles we have won  
Just from looking back and reliving all those good  
times  
When we've been through all the pages

We'll just start again, we'll just start again, oh

Nobody else in this world could love you  
Anymore than I do, always here for you  
Nobody else in this world could love you more  
Nobody could love you anymore than I do

Nobody else in this world could love you  
Anymore than I do, always here for you  
Nobody else in this world could love you more  
Nobody could love you anymore than I do

Nobody else, nobody else, nobody else  
Nobody else, nobody else, nobody else  
Nobody else, nobody else, nobody else
