Six in The Morning Fool

I walk along these tired streets
That I walked the night before
I cleared my head a thousand times
Whilst staring at your door.
I tore up your photograph
And found myself taping it back together again
Can we start again?

Cause the road is cold
And the sun's too bright
And the sunglasses on my face,
I can't hide behind,
I can't hide behind.

This is my wake-up calling,
This is my way of falling,
Back into love with you
I'm a six in the morning fool.
My feet are tired of walkin'
My words are tired of talkin'
I'm back in love with you,
I'm a six in the morning fool.
Yeah, yeah.

Days are nights
And nights are days
And what are afternoons?
My only company is staring at the evening news.

My friends try to take me out
To talk me out of you and me getting together again,
Yeah, they call themselves friends.

All the lights are out
And the stores are closed
But the day is coming
And I'm the only one that knows,
I'm the only one that knows.

This is my wake-up calling,
This is my way of falling,
Back into love with you
I'm a six in the morning fool.
My feet are tired of walkin'
My words are tired of talkin'
I'm back in love with you,
I'm a six in the morning fool.
Yeah, yeah.

Baby could you come outside
We can watch the rest arrive.
Even if you say goodbye
I know that I have tried,
I've tried to tell you,
Got to tell you.

This is my wake-up calling,
This is my way of falling,
Back into love with you
I'm a six in the morning fool.
My feet are tired of walkin'
My words are tired of talkin'
I'm back in love with you,
I'm a six in the morning fool.
Yeah, yeah.
I'm a six in the morning fool.

This is my wake-up calling,
This is my way of falling,
Back into love with you
I'm a six in the morning fool.
[My feet are tired of walkin'] yeah,
[My words are tired of talkin'] yeah,
[I'm back in love with you]
I'm a six in the morning fool.
