(Oh no!)

Turning into cannibals and everything that she wants is
made out of minerals

I don't know what I done she only speaks in subliminals

The reception here is lousy and the service is minimal

(Oh no!)

I live with an Eskimo I

(Swallowed!) cause we become mechanical and

(Hollow!) I seem to make you miserable so take your

tiny chemicals cause I need a miracle

(Free your soul to me)

Meet me on the corner cause the wall's on fire

(Words can set us free)

Can you make it go away make it stop! Stop!

Wait! There's something that I want to say

Something that we hid away

Something that I'd like to change

These words have never left a mouth

We never got to get it out

Communication not allowed

Somethings we don't talk about

(On no!)

I've fallen off a pedestal and your selected memory is
really quite incredible to

(Morrow!)

When you get forgettable I'll try being wonderful yet
totally inedible

(Free your soul to me)

Meet you there in China cross the wall of fire

(Words can set us free)

Can you make it go away make it stop! Stop!

Wait! There's something that I want to say

Something that we hid away

Something that I'd like to change

These words have never left a mouth

We never got to get it out
Communication not allowed
Somethings we don't talk about

(Free your soul) Free your soul to me
(Words can set us free)
Can you make it go away make it stop! Stop!

Wait! There's something that I want to say
Something that we hid away
Something that I'd like to change
These words have never left a mouth
We never got to get it out
Communication not allowed
Somethings we don't talk about

Wait! There's something that I want to say
Something that we hid away
Something that I'd like to change
