Been thinking it over
Been waiting to tell you
Got the sum of your face
Been thinking of you

Can't wait any longer
Just gotta get to you
Gotta get in your mind
Been thinking of you

Got new blood in these veins, yeah
Got some charge in our souls

We love to entertain you
And to get to know you
Your world is our world
Welcome:
We love to entertain you.
We love to entertain you.

Yeah, baby it's alright
We ain't going nowhere
We won't ever leave
We're here with you

Look at the horizon
Just look at the stars babe
Take a look in these eyes
They're looking at you.

Got some light up ahead, yeah
Got some charge in our souls

We love to entertain you
And to get to know you

Your world is our world
Welcome:
We love to entertain you.

Oh, can you see it now?
(Say you want it, don't try to stop it)

Can you see it now?
(You have it all, you have it all)
Look what we've started now
(Just say you want it, don't try to stop it)
Let it all go
(You have it all)

Oh, can you see it now?
(Just say you want it, don't try to stop it)
Can you see it now?
(You have it all, you have it all)
Look what we've started now
(Just say you want it, don't try to stop it)
Let it all go
(You have it all now, you have it all)

We, yeah, we love to entertain you
We, we would love to get to know you
Your world is our world
Welcome:
We love to entertain you.
Oh,
We, yeah, we love to entertain you
We, we would love to get to know you
Welcome:
We love to entertain you.
