When we were young the world seemed so old  
Careless and cold  
We did what we were told in our lives  
When we were young

Had the world by the tail, good would prevail, starships  
would sail  
And none of us would fail in this life  
Not when you're young

We were drawn to whoever could keep us together  
And bound by the heavens above  
And we tried to survive  
Travelling at the speed of love

Wooaaah when we were young  
When we adored the fabulous  
Wooaaah when we were young  
We were the foolish fearless  
Never knowing the cost of what we paid  
Letting someone else be strong  
Wooaaah when we were young

In a moment of grace  
A long leap of faith  
There's still more glorious dawn awaits my life  
I'm here with the lovers

Then we burned the bridges we're crossing over  
Just to see the firelight  
And the innocent are getting over being old tonight

Wooaaah when we were young  
When everything was what it seemed  
Wooaaah when we were young  
And everyday was how we dreamed  
Never knowing the cost of what we paid  
Letting someone else be strong  
Wooaaah when we were young

And when you look at yourself tonight  
Are you someone you recognise?

You can take back what you've given away  
But it must be the last time

Wooaaah when we were young  
Wooaaah when we were young  
When we were young

Wooaaah when we were young  
When we adored the fabulous  
Wooaaah when we were young  
We were the foolish fearless  
Wooaaah when we were young  
We didn't know it wouldn't last  
Wooaaah when we were young
