Lyrics: David

Welcome to the freakshow
This is where we leave the rejected
No place for individuality
In this perfect world we created

Freakshow / freakshow Â– Rejection / Perfection
Freakshow / freakshow Â– Denial / Revival

Can our science
Bring us knowledge?
Can the knowledge
Bring us peace?

The society of the future
Cannot tolerate your radical ideas
We are in control of our feelings
There is no such thing as faith

Building the future
Engineered to perfection
Destruction of Eden
Creation of hell

I won't stand by
Watching you die

Let go your fear
Drawing me near

Freakshow / freakshow Â– Rejection / Perfection
Freakshow / freakshow Â– Denial / Revival

Listen up, the time for change is now
We need to stop this before it's too late
The cold way of science can never replace
The true love of the creator

Freakshow / freakshow Â– Rejection / Perfection
Freakshow / freakshow Â– Denial / Revival

Building the future
Engineered to perfection
Destruction of Eden
Creation of hell
