"Between The Lines"

I woke up in the whiter past, distracting eyes
All is empty, they don't see me

The silence echoes with a blast, endless cry
From the lonely, do they know me?
Hear me

Reaching for the comfort light

But I'm getting nowhere, searching time with the heart
of mine, longing
The spill and no care, looking for signs, read between
the lines

The ego's absent, still we try, to belong
Can we go there, to the vague sphere?

I'm able for some prize, don't lie, you're acting wrong
By shutting in the lone life
