It's alright now when you're here
A bit of hope when you look into my eyes
Follow me to the other side
You will never walk alone
I'm always by your side

Hold on tight when we fall into the night
I will guard you now and the rest of my life
But there's one bitter lie, how I did you wrong
It wears me out and leaves me naked,
The truth is always strong

I'm knocked down by your eyes
I think it's gonna happen
She's kind of weak, she's not too fine
But I'm burning inside
And I'm shaking again, heeey yeah
She's kind of weak, she's not too fine
But I'm burning inside
And I'm shaking again

It's colder now and you're not home
I'm all awake, thinking of my own
Feels like it's coming down
It hurts being with me
Don't walk away, can't you hear the scream

When she's gone I don't know
Please tell me if it's gonna happen?
She's kind of weak, she's not too fine
But I'm burning inside
And I'm shaking again, hey hey hey yeah!
She's kind of weak, she's not too fine
But I'm burning inside
And I'm shaking again

I'm sorry now, I'll make it up somehow
Hurt me with something more and more and more and
more!

She's kind of weak,
But I'm burning inside, heeey yeah

She's kind of weak, she's not too fine
But I'm burning inside
And I'm shaking again
