You are a medicine cabinet
Oh, I can crawl in
I can crawl in every night
Like the rat I am
Like the rat I am

Of all the things
Things I thought I'd see
I sure didn't see that comin'

Gnawin' at
At your patience
Trackin'
Holes into your skin
North to South
I came crawlin
I came crawlin
I came crawlin

Oh, gently please
Won't you take your time with me?
Oh, gently please
Stop talkin' 'bout dyin'
Like we haven't tried it

All the things
The things I thought I'd see
I sure didn't see that comin'

Oh, gently please
Won't you take your time with me?
Oh, gently please
Stop talkin' 'bout dyin'
Like we haven't tried it
Oh, gently please
Stop talkin' 'bout dyin'
Like we haven't tried it
