You say you don't want it,  
But I can assure you will try it somehow  
You say you don't need it,  
But we all need it from time to time  
Yeah you will love it;  
You say you will try it just for a while  
Then you will need it,  
Your surrounding is about to die

Well I want to breathe it again,  
It's so beautiful I can pretend  
Come with me, and we'll make it again,  
Pass that heat and you'll be my friend

If it's not real than I don't know,  
If it's not real than I don't know,  
If it's not real than I don't know,  
Won't you smoke it, smoke it away  
If it's not real than I don't know,  
Won't you smoke it, smoke it away

Come with me now, just for a while,  
I will show you the best things in life  
Now reach out that,  
I know you want,  
Let's spend some time again alone

Come with me now, just for a while,  
I will show you the best things in life  
Now reach out that,  
I know you want,  
Let's spend some time again alone

Come with me now, just for a while,  
I will show you the best things in life  
Now reach out that,  
I know you want,  
Let's spend some time again alone
