Struggle with her lovers in my mind
Try to get her eyes on me
Hard to get some ease when you're around
Take some time to look into the fire
am I too blind to see
The girl is dancing lovely
Lie, cry, hide again

I want her
Just fire away
I'm into her game
and that's zen
I have waited a long, long time
Now fire away

Fire away
Fire away

Touching every line on her face
Pretending it's all for me
The smile is feeding sins and
I fight every breath

I want her
Just fire away
I'm into her game
And that's zen
I have waited a long, long time
Now fire away

I have waited a long, long time
Now fire away
(repeat x 2)

I want her
Just fire away
I'm into her game
And that's zen
I want her
Just fire away
I'm into her game

Again
(repeat x 2)
