I need you  
I need you, now I'm late  
I want you  
I want you, not today

Have you waited long?  
Have you waited long?  
Have you waited long?

I know you  
I know you, you know me  
Iâ€™m easy, eyh eyh eyh  
Iâ€™m easy, thatâ€™s the key

Can I tell you right now  
Have you waited long, Have you waited long  
Have you waited long  
ohhh  
Have you waited long x 3

Have you waited long, I thought I heard you crying  
Have you waited long,  
Have you waited long, you got to keep on trying  
Have you waited long  
I need you

Can I tell you right now  
Have you waited long, Have you waited long  
Have you waited long

yeah eah eah  
Have you waited long, Have you waited long  
Have you waited long

Can I tell you right now
