Well, I'll wait till you listen
I won't say a word
To follow your instincts
Just never worked for me
Oh, you're silent but strong, (yeah, I'm playing that
card)
And you're noticing nothing again

Now I'm lying on the table
With everything you said
Keep that in mind, the way that it felt
When the most I could do was to just blame myself

(Feel it out for once and feel nothing like everyone
else)
When the most I could do was to just blame myself
And I know you know, everything
I know you didn't mean it
I know you didn't mean it

I know you know, everything (drop everything)
I know you didn't mean it (start it all over)
I know you didn't mean it (remember more than you'd
like to forget)

So, we're talking forever
And you almost feel better
But, better's no excuse for tonight
You see, it's never bad enough
To just leave or give up
But, it's never good enough to feel right

Now I'm lying on the table
With everything you said
It will all catch up eventually
Well, it caught up and honestly
The weight of my decisions
Were impossible to hold
But they were never yours
They were never yours

Well I, know you know, everything
I know you didn't mean it
I know you didn't mean it

I know you know, everything (drop everything)
I know you didn't mean it (start it all over)
I know you didn't mean it (remember more than you'd
like to forget)

Drop everything, start it all over
Remember more than you'd like to forget [x2]

Would you like to forget? [x2]
Drop everything, start it all over
Well, drop everything start it all over (would you like to
forget)
Drop everything start it all over
Start it all...

Well I, know you know, everything
I know you didn't mean it
I know you didn't mean it

I know you know, everything (drop everything)
I know you didn't mean it (start it all over)
I know you didn't mean it (remember more than you'd
like to forget)

I know you know
I know you know...you know, you know, you know...
