The sky is crying now and I don't mind it, no I don't  
mind it at all  
My fear is caving in and I don't mind it, no I don't mind  
it at all  
I feel unstable now and I don't mind it, no I don't mind it  
at all  
I hear you crying on the floor and I don't care anymore  
I try to hurt myself and I don't mind it, no I don't mind it  
at all  
You always say what's on your mind; you really know I'm  
not that kind  
How will I ever find myself dying alone?  
Will you follow me again?  
How will I ever, I think I need somebody to change  
Will you be my friend?  
My thought is insecure and I don't mind it, no I don't  
mind it at all  
I can't believe what's in my head; sometimes I wish I  
was dead  
I'm lost this time all the way, you fill me in and you can't  
explain  
You had enough and I do care, say what's wrong and  
I'll try to be there
