Oh, we'd inhale those candy-coated pills
And I'd lie about the way it feels
I only did it 'cause you did it
Yeah, if you wanted it, I'd get it

Oh, we'd try anything just once
You'd try anyone but me
I couldn't keep, I couldn't keep up
I couldn't keep, I couldn't keep up

You should have waited
You should have wanted me
You should have waited
It's haunting, you still taunt me

Oh, would you feel my skin from underneath
(You'd try anything just once)
I'd enter intravenously
(I tried, I tried)
My Achilles heel hung like a chandelier
Yeah, you taught me how to crawl

You should have waited
You should have wanted me
You should have waited
It's haunting, you still taunt me

You should have waited
You should have waited

Now when you see me
I know you're sorry
Well, at least you should be
You see straight through me like I'm
Dead already
Dead already
Dead already
Dead already
Dead already
Dead
Dead

You should have waited!
Oh!

You should have waited!
You should have wanted!
I know you're sorry!
At least you should be!

You should have waited
You should have wanted me
You should have waited
It's haunting, you still taunt me

You should have waited
You should have waited
