She's got a pretty face, but a real big mouth,  
Whatever gets to her mind, she just lets it out.  
And I know that I've been waiting way too long  
Just to tell her the things that she's doing wrong.  
And that she should make up for all her mistakes,  
Though it's kinda hard to rebuild a bridge that breaks.  
I could tell from the look in her eyes,  
That she wanted my forgiveness for all of her lies.

Take back all that you said because  
You're not really easy to form trust.  
I'm running, and running out of time.

So what, what are you waiting, what are you waiting  
for?  
I know that you can make it.  
(I know I just) I just can't take this.  
I just can't take this anymore.  
I know that you deserve it.

We've gotta slight problem with the plans I've made.  
Cause of her decision, she's heading for the grave.  
And I know, that I've warned her way too long,  
And yet she still doesn't realize what she's doing  
wrong,  
And that she's hurting everyone that's around her,  
To the point that no one wants to surround her (with  
love),  
Is the only thing that's keeping us close,  
And makes it so remember what we care for the most.

Take back all that you said because  
You're not really easy to form trust.  
I'm running, and running out of time.

So what, what are you waiting, what are you waiting  
for?  
I know that you can make it.  
(I know I just) I just can't take this.  
I just can't take this anymore.  
I know that you deserve it.
