[Tal]

Dans tous les pays du monde
Même quand la colère gronde
Il y a toujours des gens qui s'écouvent
Dans les tribus, les capitales
Que le tempo soit pop ou tribal
Il y a jamais de différence
On dit ce que l'on pense

(refrain - Tal & Sean Paul)

Loin d'ici, prÃs de lÃ
Il y a des chants qui portent nos voix
We're living it up
We're not giving it up
We're living it up
We're not giving it up
PrÃs d'ici, loin de lÃ
Il y a des chants qui portent nos joies
We're living it up
We're not giving it up
We're living it up
We're not giving it up

[Sean Paul]

Tell them, say music is life
Remember life is music
Mad people vibes
And we chant, we use it
To build connections
And we never will lose it
Even in the yard
Nuff love we're bootsin'
Inna this life
Trouble ever be looming
If you face it alone it

It can seem so dooming
Jammin and we come
Together we grooving
Keep positivity flowers
Them bloomin

(refrain)

[Tal]
LÃ -bas, IÃ -bas
De l'Afrique aux AmÃ©riques
Tout prÃ©s de IÃ
Il y a toujours de la musique

Every corner we are taking it to the world
Take it and spread it to the world

LÃ -bas, IÃ -bas
Il n'y a pas de silence
On a le droit
De chanter nos diffÃ©rences

Every corner we are taking it to the world
Take it and spread it to the world

(refrain x2)
