My power is so intense  
I reign here, I'm so supreme  
This land is now my dark land  
Every single life is my slave

Being king, controlling all  
Nobody can stand me now  
This land is now my dark land  
Every single life is my slave

I am the dark sorcerer  
In this war land, dark land  
I am the master supreme  
In this dark land, war land

Infinite are my options  
Forever I'll live on  
This land is now my dark land  
Every single life is my slave

Vampiric soldiers  
That's all you've become  
You're nothing  
I'm your god

Come to my dark land  
You shall be damned
