I was born and raised, by the law
And order of the God of War
My enemies are those
Who are against the God of War
My anger rages as my sword hits
The flesh of my nemesis
Kill and torture is my gift
Which I offer for the God of War

Slay and conquer

When the flaming sword grabs my inner force
I feel the sword controlling me
We are forged together as one

I sense the power of my mighty God
I am the God of War

I had killed the last victim
With my rage leading blindly in my mind
Blood was spilled on the field,
Many dead rest in pain
The battleground is now quiet
With sword and shield lying on the ground
I saw a sword on fire,
I can sense that it's force attracting me

Slay and conquer

When the flaming sword
Grabs my inner force
I feel the sword controlling me
We are forged together as one
I sense the power of my mighty God
I am the God of War

I feel the burn
I feel the pain
Am I dying?
My skin is burning
My mind changing
It's no more me

I am alone
I am stronger
I am not dying
I am now a demon
A ruler for war
I am God

I was born and raised
To be the mighty God of War
My enemies are now those
Who are against me
RISE!
