Evil spirits, inside me  
Controlling my every moves  
My body is colder than winter  
Can you feel my hate?  
Evil live inside me  
Can't control my actions  
Many deaths surround me  
Give me my salvation  
I fight for my lie  
Demon's growing stronger  
Eating my mind and soul  
I am doomed forever  
Kill, kill those who want to slay me  
Get away from me  
Kill, kill those who want to slay me  
You overpowered me
